

Biometric Screening Lookbacks

Request a Wellness Exam with your Primary Care Physician between 1/1 and 9/30

Ameris Bank encourages you to complete a biometric screening. As one of the requirements of the Ameris Bank Wellness Premium Credit Program, the biometric screening includes metrics that are recommended to be screened for regularly to assess your health risk. Important Note: Ameris Bank will not be doing a lookback period for biometric screenings after the current program year. Members should request a wellness exam with a PCP **between 1/1 and 9/30**. As a reminder, Anthem members are able to receive a wellness exam once per calendar year, as they are not limited to once every 365 days

Submit results or download a screening form under Activities - Prevention - Biometric Screening.
