Learn how dental insurance can
protect your long-term health.

Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, X-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

Why should I consider it?

Poor oral health isn't just aesthetic; it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

Cardiovascular disease: Some research suggests that heart disease, clogged arteries, and strokes may be linked to inflammation and infections from oral bacteria.

Osteoporosis: Weak and brittle bones may be linked to tooth loss.

Diabetes: Research shows that people with gum disease find it more difficult to control their blood sugar levels.

Alzheimer's disease: Worsening oral health is seen as Alzheimer's disease progresses.

All information contained here is from the Mayo Clinic, Oral Health: A Window to Your Overall Health, www.mayoclinic.com. 2021.

You will receive these benefits if you meet the conditions listed in the policy.

Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That's why Guardian's Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan's annual maximum is reached.

Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

How maximum rollover works *

Depending on a plan's annual maximum, if claims made for a certain year don't reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	In-network only rollover amount	Maximum rollover account limit
\$1,000	\$500	\$250	\$350	\$1,000
Maximum claims reimbursement	Claims amount that determines rollover eligibility	Additional dollars added to a plan's annual maximum for future years	Additional dollars added if only in-network providers were used during the benefit year	The limit that cannot be exceeded within the maximum rollover account

* This example has been created for illustrative purposes only.

** If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Guardian's Dental Insurance is underwritten and issued by The Guardian Life Insurance Company of America, New York, NY. Products are not available in all states. How vision insurance can help
you see clearly as you get older.

Vision insurance

Vision insurance helps protect the health of your eyes by providing coverage for benefits that often aren't covered by regular medical insurance.

Protecting your eyesight means allowing for routine visits to the optometrist for eye exams, as well as coverage for glasses and contacts. Make sure your eyes remain in great shape at any age – no matter how much time you spend staring at digital screens.

Who is it for?

Even if you have perfect eyesight, it's important to have regular eye exams to make sure you're still seeing clearly. Most of us may eventually need vision correction, which is why we offer vision insurance to cover some of the costs.

What does it cover?

Vision insurance covers benefits not typically included in medical insurance plans. It covers things like routine eye exams, allowances towards the purchase of eyeglasses and contact lenses, as well as discounts on corrective Lasik surgery.

Why should I consider it?

Regular eye exams can detect more than failing eyesight, they can also pick up diseases like glaucoma and diabetes. Vision problems are one of the most prevalent disabilities in the United States, making vision insurance especially useful for anyone who regularly needs to purchase eyeglasses or contacts, or anyone who simply wants to help protect their eyesight and general health.

You will receive these benefits if you meet the conditions listed in the policy.

20/20 coverage

David notices that his vision is deteriorating. He goes in for an eye exam, and is diagnosed with myopia, which means he needs glasses.

Average cost of vision exam: **\$171**

Average cost of frames and lenses: **\$350**

Total cost: **\$521**

With a Vision policy from Guardian, David pays just **\$10** for his eye exam. After **\$25** in copay, his lenses are fully covered, and he pays **\$96** for his frames.

David's total out-of-pocket expense is **\$131**, saving him **\$390**.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.
