

Express Scripts

By EVERNORTH

Keep your pharmacy benefits right within reach

As the leader in pharmacy benefit services, we're dedicated to helping you get the right medication for you, **for the lowest possible price**. With a refreshed brand identity, Express Scripts by Evernorth® remains committed to delivering exceptional pharmacy care so you can stress less and save more. **Visit express-scripts.com** to learn more about how we provide pharmacy benefits you can depend on.

Step 1—Create Your Account Now

Activate your powerful personal account in just 5 clicks and 2 minutes! Visit express-scripts.com and click the Register button at the top of the page to get started. Or simply scan the QR code below.

An online account provides you with:

+ Can't-lose-it digital ID card

Keep it on you 24/7. Download it to your phone, print a copy or do both. You can even save your ID card to your mobile wallet.

+ Money-saving recommendations

Don't pay more than you have to. Use our live dashboard to get the right medication, supply and plan-preferred, in-network pharmacy for you.

+ Rx and claims history

Review your past interactions all in one place.

+ Coverage review updates

Before a doctor prescribes a medication, find out if it needs coverage review like prior authorization and check the status of an in-process review.

+ Easy management of your home delivery prescriptions

Enroll in home delivery from Express Scripts Pharmacy, check medication order status, refill and renew prescriptions and enroll in automatic refills.

+ Helpful tools to provide the right care, at the right time and the right price

Set reminders to take your medication and sign up for text alerts so you never miss an opportunity to save.

Step 2—Stress Less

Ask your doctor if a 3-month supply is an option vs. a 1-month supply of your medication. Then request that your doctor **send your 3-month prescription to Express Scripts Pharmacy by Evernorth® for home delivery to save you even more.**

You can also:

- + Transfer an existing prescription to home delivery by clicking Add to Cart
- + For new prescriptions, you have three options:
 - o Ask your doctor to send it to Express Scripts Pharmacy
 - o Click the Request an Rx link on the online dashboard and we'll contact your doctor for you
 - o Or print a home delivery form by selecting Forms under Benefits, then follow the mailing instructions

Create your digital account today to get all this information in one place! For complex concerns or health conditions, call the Member Services number on your digital ID card.

Step 3—Save More

Seeing your doctor? Ask if they use **Real-Time Prescription Benefit** to check for the most affordable pricing for you and to help avoid a coverage review like prior authorization.

If not, **use your online account during your visit to check pricing on any prescription**—a less costly option may be available that's just as effective. Request that medication instead.

These alternate options:

- + Help reduce costs and ensure you receive a safe and proven-effective medication
- + Usually are generic forms of brand-name drugs
- + Typically don't rely on coupons, which could cost you more over time

Ask about switching to generic medications to save money on your prescriptions.

By not looking for the best deal on your prescription drugs, you may end up paying more than you should for your medications. The easiest—and safest—way to save money on prescriptions is to ask for a generic, which typically costs less because the manufacturer did not have to conduct the initial research or studies that the branded drug did.

Generics fall into two categories:

- + Direct chemical equivalent—a drug that has the same active ingredient as its brand-name counterpart
- + Therapeutic alternative—a drug that may not be chemically equivalent to the brand, but has the same therapeutic or treatment effect

Direct chemical equivalents are practically identical to the branded drug, while therapeutic alternatives are part of the same family.

FDA-approved generics must adhere to strict guidelines and are the same as a brand-name medication in dosage, safety, effectiveness, strength, stability and quality.

For additional information on how to take control of your prescription plan or any other questions about your account or coverage, visit [express-scripts.com](https://www.express-scripts.com), download the Express Scripts mobile app or call the Member Services number on your digital ID card.
