Open Enrollment is your opportunity to evaluate your benefit options and make changes for the following year. Benefits selected during Open Enrollment are effective January 1, 2026 – December 31, 2026.

Mid-year changes

You may make changes to your benefits elections if you experience a qualified life event. The changes you make must be the result of and consistent with the qualified life event that occurred.

EXAMPLES OF QUALIFIED LIFE EVENTS:

- Birth, adoption, legal guardianship or placement for adoption
- Marriage, divorce or annulment

- Gain or loss of other creditable coverage

WAIVING HEALTH INSURANCE

If you are covered by another health plan and do not wish to enroll in the Clay County BoCC Plan, please be sure to check the area to waive coverage on the enrollment form.

If you wish to receive the Opt-Out Allowance for you and your family, you will be required to submit all necessary documentation for proof of coverage. **Only one opt-out allowance per family*.**

***Retirees who have Medicare, Medicaid, and/or Tricare, will not be required to recertify for opt-out. Retirees on private health insurance, MUST continue to recertify, annually.**

Important Note:

If you waive your coverage at the time of initial enrollment or during the Open Enrollment period, you will not have another opportunity to enroll in the County's group benefits at a later date.

Medical Benefits

Your medical coverage is administered through **Florida Blue**. You'll have access to a broad network of doctors and hospitals, providing you with quality care and significant savings in comparison to receiving services out-of-network.

WELLNESS & PREVENTIVE CARE SERVICES

- Clay County BoCC is committed to your health. As part of the Clay County wellness program, you are encouraged to complete at least one preventive care visit each year. Your Clay County Medical Plan pays 100% of certain preventive care services with no out-of-pocket cost to you.
- Preventive care is routine health care that includes screening, checkups and patient counseling to help prevent illnesses, diseases or other health problems. There may be some exceptions, so it's important to know what qualifies as preventive care and what questions to ask your doctor to avoid extra costs.
- Preventive care guidelines vary based on factors such as your age and stage in life, as well as your personal and family health history. Your doctor can help determine what's appropriate for you.
- For more information, see current [Florida Blue's general wellness guidelines](#) for preventive care services.

Different Types of Medical Plans

HDHP

High-Deductible Health Plans (HDHP)
These plans are a type of health insurance that feature lower monthly premiums but require you to pay higher out-of-pocket costs before coverage kicks in. These plans are often paired with Health Savings Accounts (HSAs), allowing you to save money tax-free for medical expenses.

PPO

Preferred Provider Organization (PPO) plans
These plans include a network of providers but also allow you to seek out-of-network medical services (typically with greater employee cost sharing). Referrals may not be required.

How to Search for Providers:

1. Go to www.floridablue.com

2. Hover over “Members” at the top and select “Find a Doctor”

3. Scroll down to “Where do you live?”

4. Enter your chosen location information (address, zip code, etc.)

5. Select the appropriate plan under “Select a Plan”

6. Enter your group number: 63491
7. Search for providers by name, specialty, name of business, or place by type

8. If the provider is in-network, they will show in the system and will have a green “In-network” banner under their name and location.

Key Plan Differentiators with a High-Deductible Health Plan

DEDUCTIBLE The amount you pay until the plan begins paying	COINSURANCE A percentage of the cost of a service you pay after meeting the deductible	OUT-OF-POCKET MAXIMUM Protects you from high healthcare costs
<ul style="list-style-type: none">Both plans pay 100% of the cost of eligible preventive care from an in- network provider whether or not you have met the deductible.You pay 100% of the in-network negotiated costs until you meet the deductible.Under both plans, if you have family coverage, you must meet the entire family deductible before the plan pays.You can use your HSA to pay for these costs on the HDHP.	<ul style="list-style-type: none">You pay 20% and the plans pay 80% for all covered medical services received in-network.You can use your HSA to pay for these costs on the HDHP.	<ul style="list-style-type: none">Plan pays 100% for all covered medical and prescription services for the remainder of the year.

Get to Know Your Care Options

How much you pay for care can depend on where you get it. It can be hard to know where to go for medical care but not every situation calls for a trip to the emergency room. For non-emergency conditions, start with a telemedicine visit or your Primary Care Physician. When seeing your physician isn't possible, it's important to know your options for care that fit your specific needs or situation.

Telemedicine

Telemedicine is a great first option. When you need care and it isn't a true emergency, call Teladoc. Their doctors can advise you on what to do next. They may even be able to help you resolve or stabilize the situation right there on the spot.

Primary Care Physician

Your physician has access to your records, knows the bigger picture of your health, and may even offer same-day appointments to meet your needs.

Urgent Care

Urgent care provides immediate, non-emergency medical attention for illnesses or injuries that require prompt treatment but aren't serious enough for the emergency room.

Emergency Room

Emergency rooms provide immediate care for life-threatening conditions, severe injuries, or serious illnesses that requires advance treatment or hospitalization.

Key Terms to Know

Affordable Care Act (ACA)

The Patient Protection and Affordable Care Act, commonly called the Affordable Care Act (ACA) is a United States federal statute signed into law by President Obama in March 2010. The law puts in place comprehensive health insurance reforms.

Annual Maximum

Total dollar amount a plan pays during a calendar year toward the covered expenses of each person enrolled.

Out-of-Pocket Maximum

The maximum amount of coinsurance a Plan member must pay towards covered medical expenses in a calendar year for both network and non-network services. Once you meet this out-of-pocket maximum, the Plan pays the entire coinsurance amount for covered services for the remainder of the calendar year. Deductibles and copays apply to the annual out-of-pocket maximum.

Coinsurance

A percentage of the medical costs, based on the allowed amount, you must pay for certain services after you meet your annual deductible.

Copayment

A set dollar amount you pay for network doctors' office visits, emergency room services and prescription drugs.

Deductible

Total dollar amount, based on the allowed amount, you must pay out-of-pocket for covered medical expenses each calendar year before the plan pays for most services. The deductible does not apply to network preventive care if any services where you pay a copayment rather than coinsurance. Some of your dental options also have an annual deductible, generally for basic and major dental care services.

Brand Formulary Drugs

The brand formulary is an approved, recommended list of brand-name medications. Drugs on this list are available to you at a lower cost than drugs that do not appear on this preferred list.

Generic Drugs

These drugs are usually the most cost-effective. Generic drugs are chemically identical to their brand- name counterparts. Purchasing generic drugs allows you to pay a lower out-of-pocket cost than if you purchase formulary or non- formulary brand name drugs.

Maintenance Drugs

Prescriptions commonly used to treat conditions that are considered chronic or long-term. These conditions usually require regular, daily use of medicines. Examples of maintenance drugs are those used to treat high blood pressure, heart disease, asthma and diabetes.

Non-Formulary Drugs

HEALTH INSURANCE MARKETPLACE

PART A: General Information

What is the Health Insurance Marketplace? The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offer's "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly insurance premium right away.

Can I Save Money on my Health Insurance Premiums in the Marketplace? You may qualify to save money or lower your monthly premium but only if your employer does not offer coverage that does not meet certain standards. The savings on your premium that you are eligible for, depends on your household income. The coverage offered by Clay County meets healthcare reform standards and is intended to be affordable to you. Based on these qualifications, employees offered coverage are not able to receive a subsidy.

Does Employer Health Coverage Affect Premium Savings through the Marketplace? Yes, if the health coverage from your employer meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, if the cost of the plan from Clay County that would cover you (and not any other members of your family) is more than 9.86% of your household income for the year or if the coverage that Clay County provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost sharing. An employer-sponsored health plan meets "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than sixty percent (60%) of such costs. Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by Clay County, you will lose the employer-offered coverage, which is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information? For more information about your coverage offered by your employer, please check your Summary Plan Description or contact your Benefits Administrator. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit www.HealthCare.gov for more information, including online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information about Health Coverage Offered by Clay County

This section contains information about any health coverage offered by Clay County. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. However, it is important for you to understand that, since you are eligible for comprehensive health coverage through Clay County, you may not be eligible for premium savings through the Marketplace if Clay County health coverage meets both of the standards described above. The information below is numbered to correspond to the Marketplace application.

3. Employer Name: Clay County | 4. Employer Identification Number: **59-6000553** | 5. Employer Address: 477 Houston Street | 6. Employer Phone Number: 904-529-4719 | 7. City: Green Cove Springs 8. Email Address: benefitsandwellness@claycountygov.com

P As your employer, we offer a health plan to some employees. Eligible employees are Full-Time Employees working an average of thirty (30) hours per week and must satisfy a new hire eligibility waiting period.

P With respect to dependents, we do offer coverage. Eligible employees are defined as spouse, child, adopted child, stepchild and foster child. Please review policy provisions.

P This coverage meets the minimum value standard and the cost to you is intended to be affordable, based on employee wages.

Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week, if you are newly employed mid-year or if you have other income losses, you may still qualify for a premium discount.

HEALTH INSURANCE PROTECTION (USERRA)

If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage and your dependents for up to twenty-four (24) months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are re-employed, generally without waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries.

Enforcement: The U.S Department of Labor, Veterans' Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations. For assistance in filing a complaint or for any other information on USERRA, contact VETS at 1-866-4-USA-DOL or visit its website at <http://www.dol.gov/vets>.

HIPPA-PRIVACY ACT LEGISLATION

Clay County and your health insurance carrier(s) are obligated to protect your confidential protected health information that identifies you or could be used to identify you and relates to a physical or mental health condition or the payment of your health care expenses. Clay County and your health insurance carrier(s) are required to notify you and your beneficiaries about our policies and practices to protect the confidentiality of your personal protected health information.

CHIPRA - PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility –

NOTICE OF SPECIAL ENROLLMENT RIGHTS

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollments within 30 days after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, you may be able to enroll yourself and your dependents if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, if your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption or within 60 days of the date of loss of CHIP coverage. To request special enrollment or obtain more information, contact your Benefits Administrator.

SECTION 125 QUALIFYING EVENTS

Under IRC § 125, you are allowed to pay for certain group insurance premiums with tax-free dollars. This means your premium deductions are taken out of your paycheck before federal income and Social Security taxes are calculated. You must make your benefit elections carefully, including the choice to waive coverage. Your pretax elections will remain in effect until the next Open Enrollment period, unless you experience an IRS-approved qualifying event. A qualifying event, also known as a "Family Status Change," is a change in your personal life that may impact you or your dependents' eligibility for benefits under the employer group medical plan.

Qualifying events include but are not limited to: Marriage or divorce, death of spouse or other dependent, birth or adoption of a child, a spouse's employment begins or ends, a dependent's eligibility status changes due to age, student status, marital status or employment status and you or your spouse experience a change in work hours that affects benefit eligibility. Note: Your qualified status change must be consistent with the event. You must notify your benefits team within thirty (30) days of your qualifying event.

IMPORTANT NOTICE FROM CLAY COUNTY ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Clay County and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Clay County has determined that the prescription drug coverage offered by your employer's group medical plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered Creditable Coverage. You can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a 2-month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you decide to join a Medicare drug plan, your current coverage with Clay County may be affected. See pages 9-11 of the CMS Disclosure of Creditable Coverage To Medicare Part D Eligible Individuals Guidance (available at <http://www.cms.hhs.gov/CreditableCoverage/>), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

If you do decide to join a Medicare drug plan and drop your current Clay County coverage, be aware that you and your dependents will only be able to get this coverage back only during a qualified life event or during the annual enrollment period.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Clay County and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen (19) months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage...

Contact your Benefit Administrator (contact below). NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through Clay County changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and therefore, whether or not you are required to pay a higher premium (a penalty).
